IMPORTANT NOTICE.

CUSTOMERS will oblige us by giving as much variation as possible in bore, length and weight of guns.

Goods not mentioned in this catalogue can be furnished at lowest market rates.

Prices are subject to change without notice, and customers will receive the benefit of all reductions at date of shipment.

TERMS.

Our terms are strictly cash with the order, or we will send goods C. O. D. by express with privilege of examination at the express office, when a sufficient amount is enclosed to cover express charges This amount is deducted from the money you are to send us.

HOW TO SEND MONEY.

Remit by bank draft, post-office or express money order or registered mail.
Do not send money by mail in unregistered letters. It is not safe to do so.

MAIL SHIPMENTS.

Articles weighing less than four pounds can be sent by mail to all parts of the United States at an expense of 1 cent per ounce.

Such articles can be registered at an extra expense of 10 cents, and safer delivery thereby insured.

Caps, Primers, Cartridges, Primed Shells, Cutlery, Explosives or other sharp articles cannot be sent by mail.

RETURNED GOODS.

Parties desiring to return goods bought of us must do so at once. We are perfectly willing to make exchange or refund money, but when goods are returned through no fault of ours we must ask the purchaser to pay all return charges.

In case goods are not strictly as represented they can be returned at our expense.

GENERAL REMARKS.

Our goods with few exceptions are sold in quantities to suit the purchaser at prices quoted.
The prices we quote are for goods in our store, except where otherwise stated.
All expense for transportation of both goods and money must be paid by the purchaser.
We are always glad to answer inquiries.

IN CONCLUSION.

We wish to say that we regard a well satisfied customer as our best advertisement, and will, under no circumstances, send out goods not strictly as represented.

Yours respectfully,

Address all Letters plainly, thus:—**THORSEN & CASSADY COMPANY,**
141 and 143 Wabash Ave.,
CHICAGO.

THE L. C. SMITH TOP ACTION, DOUBLE CROSS BOLTED AUTOMATIC EJECTOR.

DESCRIPTIVE PRICE LIST OF THE

"L. C. SMITH" AUTOMATIC EJECTOR GUN.

No extra charge for making to order. No extra charge for a 10 gauge over a 12 gauge gun, or for a heavy or extra heavy gun over a medium weight gun. All our guns are Choke Bored to shoot extremely close, unless otherwise ordered. No extra charge.

We are paying special attention to the Style, Hang, Balance, etc., of this gun. No pains will be spared to make an Ejector which will have no equal in all essential features combining to make an American gun of the highest development of the art. We make our Automatic Ejector guns in two grades only.

QUALITY A 1—Very fine Damascus Steel Barrels, very fine Imported English Walnut Stock, fine Checkering and Engraving, Half or Full Pistol Grip, No. 10 or 12 gauge, 28, 30 or 32 inch Barrels ..... **Net, $116 50**

QUALITY A 2—Finest Damascus Steel Barrels, finest Imported English Walnut Stock obtainable, finest Checkering and Engraving. Very finest Finish in every way. Half or Full Pistol Grip, No. 10 or 12 gauge, 28, 30 or 32 inch Barrels ..... **Net, $275 00**

We claim for it that it is the simplest mechanism ever used for the purpose in this or any other gun. We use the same reliable patent mechanism which has always been a prominent feature of our hammerless gun, and adding but five parts which displace five parts of our regular gun, making the ejector gun contain no more pieces than our regular hammerless gun, which has always been one of the simplest hammerless guns known to the trade. This ejector mechanism comprises a pair of tumblers located in the fore end, which bear upon the wrist pins of the crank shafts, both tumblers being locked by a single sear until the breech end of the barrels is raised above the frame when the sear is pushed out of engagement with the tumblers, and the lock or locks which have been snapped open actuate their respective tumblers and expel the fired cases. **Using the main springs for the power to eject the shells, it does not require any more power to open the gun to cock or close than our regular gun.** Examine the sectional cut and we think you will agree with us in the fact that we have the **simplest** and **best automatic ejector gun** ever before produced by any maker in the world. Smith Guns are now bored for same size as gauge.

NONE BETTER, IT STANDS AT THE HEAD.

COLT'S NEW HAMMERLESS BREECH LOADING GUNS.

CHOKE BORED

COLT'S HAMMERLESS GUNS.

The Colt Hammerless Gun is a product of the highest grade of mechanical skill. In symmetry and beauty of outline, excellence of materials used in its construction, and shooting qualities it is in all respects equal to the best English Guns. The parts are simple, strong and few in number.

OPERATION OF THE GUN.

The gun is cocked, 1st—by throwing down the barrels, and 2d—by bringing them back into place. The second motion increases the tension of the main spring by pushing its inclined surface above the roll of the hammer, thus utilizing both motions of the barrels and making the forces required to open and close them more nearly equal. The main springs move on rolls, making the friction the least possible. The safety apparatus does not require the cutting away of the stock, so that the stock is very strong. The triggers are firmly secured by a positive lock, and not by springs. The hammers can be let down separately or together by pressing the safety slide forward, and pulling one or both triggers while closing the barrels.

ITHACA HAMMERLESS GUN.

MADE OF GOOD MATERIALS AND WARRANTED THE BOSS SHOOTERS.

One of the many improvements in the manipulation of the Ithaca Hammerless Gun, is the attachment of our cocking device, which enables us to put on and remove barrels at all times, same as a Hammer Gun, without reference to the gun being cocked or not, thus avoiding the necessity of the continued tension on the main springs when the gun is not in use, or oblige one to cock it before replacing the barrels. The locks are rebounding, and thus avoiding the danger of firing pins pressing upon the primers with full force of the main spring, when the gun is not cocked, *which is true* of no other Hammerless Gun. It is also provided with the combined automatic and independent safety, which can be changed from automatic to independent by a touch of the thumb, and *vice versa*, which enables one in rapid firing to use his gun independent of the safety, if desired.

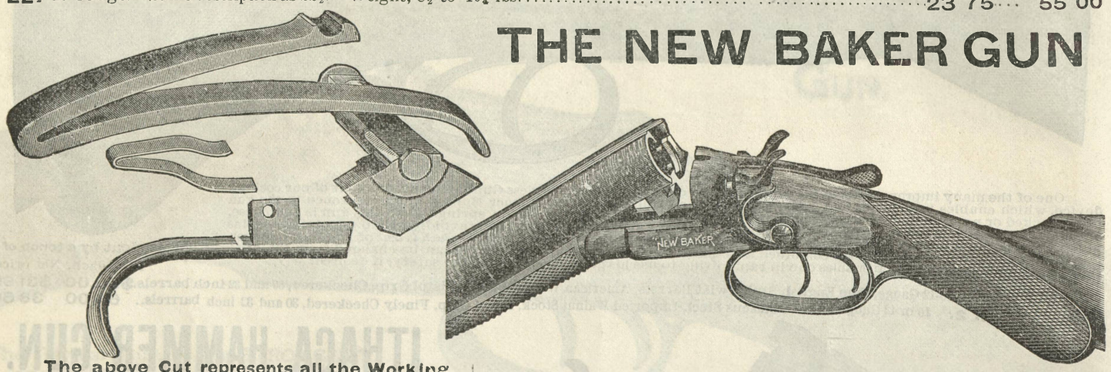
THE NEW BAKER GUN



The above Cut represents all the Working Parts of the Lock of "The New Baker Gun"—Full Size.

We Challenge any Gun in the Market to Equal it for Durability and Simplicity.

W. H. BAKER'S
LATEST AND BEST GUN.

ONLY THE BEST MATERIAL USED IN ITS CONSTRUCTION.

Has the Best English Stub Twist Barrels, Extension Rib, Checkered Pistol Grip, English Walnut Stock, Rubber Butt-Plate, Low Circular Hammers, Solid Strikers, Rebounding Locks, Top Snap Action, Interchangeable Parts, Choke Bored, unless otherwise ordered; Compensating Fore-end, which positively takes up wear in the hinge joint and prevents the gun from becoming loose. This, it is well known, has been one of the greatest difficulties with which gun makers have had to contend.

GUARANTEE.

The Baker Gun and Forging Co. Guarantee the New Baker Gun to shoot equal to any High Priced Gun in the Market, and should any part fail through defect in Material or Workmanship, they agree to Replace the same at their Factory at Batavia, N. Y., Free of Charge.

The New Baker Gun is designed especially for those Sportsmen who want the Best Shooting Gun that money will buy, and at a very moderate price. 10 or 12 gauge.

CRESCENT MACHINE-MADE GUNS.

This line of guns is made especially to our order, and are by far the most popular guns of this class imported. They cost but a trifle more than the common hand-made guns, and are very much superior. For actual service they are worth double the price of the regular hand-made guns.

The lugs and extensions are well fitted. **The actions are machined.** The **locks are steel,** and in this one particular alone they are very much superior to the hand-made guns.

They can be depended upon as reliable, and our customers who buy them are sure to receive full value for their money.

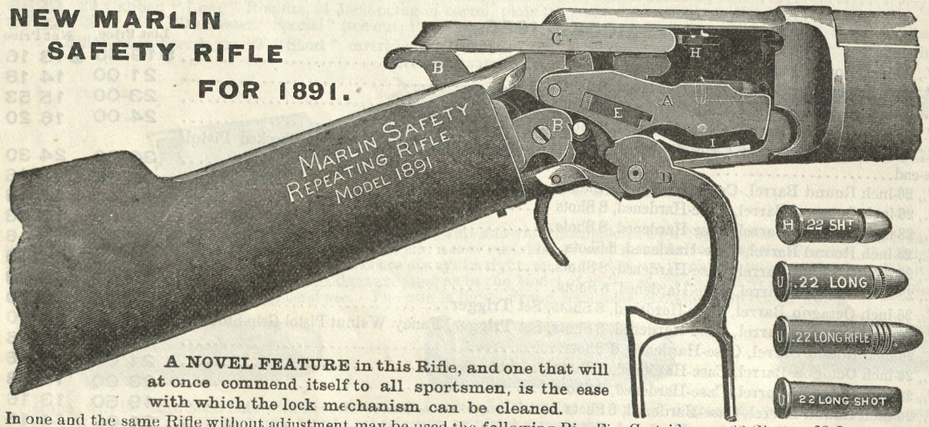
WINCHESTER, MODEL 1873, CARTRIDGES CAN BE USED.

NEW MARLIN SAFETY RIFLE FOR 1891.



A NOVEL FEATURE in this Rifle, and one that will at once commend itself to all sportsmen, is the ease with which the lock mechanism can be cleaned.

In one and the same Rifle without adjustment may be used the following Rim Fire Cartridges: 22 Short; 22 Long; 22 Long Rifle; 22 Long Shot.

The unscrewing of the thumbscrew on the right-hand side of the action allows the entire side of the receiver to be removed, and also in turn the carrier block, finger lever and breech bolt. From the breech bolt may be taken the firing pin and extractor; **all this without any tools whatever**, and with the lever in any position. This allows the action to be **thoroughly cleaned without trouble or tools**, and allows the barrel to be wiped out from the breech, which is very desirable in a small bore gun, and, if the action becomes clogged, one minute is time sufficient to open the gun and remove the obstruction.

THE EXPLODED SHELLS ARE EJECTED FROM THE SIDE.

No.		List Each.	Net Each.
402	22 Caliber, 24-inch round barrel, weight 6½ pounds	$18 00	$10 95
322	22 Caliber, 24-inch octagon barrel, weight 6 pounds	19 50	11 80
402½	32 Caliber, 24-inch round barrel, weight 6½ pounds	18 00	10 95
322½	32 Caliber, 24-inch octagon barrel, weight 6½ pounds	19 50	11 80

32 Caliber is made with interchangeable firing pins for rim and center fire cartridges.
The magazine of the 22 Caliber will hold 25 short, 20 long or 18 long rifle cartridges.
The magazine of the 32 Caliber will hold 18 short, 15 long cartridges.

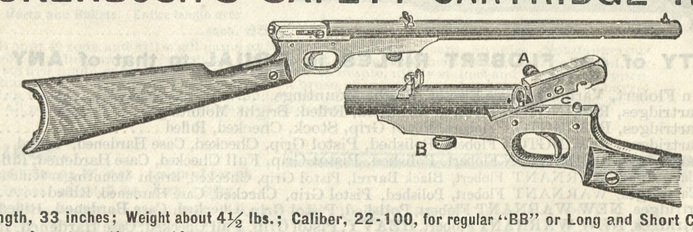
932	26 in. Barrel, 5¼ to 5¾ lbs. (standard length)..	"	7 50

*Above 22 and 32 extra long rim fire, if desired.

QUACKENBUSH'S SAFETY CARTRIDGE RIFLE.



No. 1322 Extra long, barrel 22 inches, whole length 38 inches, blued or nickel, Net price, $5 85

No. 1422 Extra long fancy peep and globe sights, blued or nickel barrel 22 inches, whole length 38 inches. Net price, $7 00

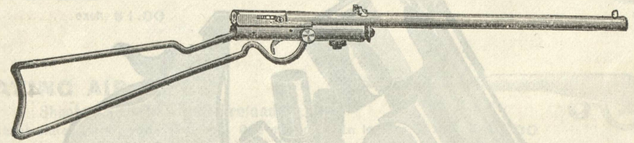
Whole length, 33 inches; Weight about 4½ lbs.; Caliber, 22-100, for regular "BB" or Long and Short Cartridges.

It has a rifled steel barrel, automatic cartridge extractor, and adjustable rear sight; its stock is of black walnut, handsomely finished, and so fastened to the barrel, that the two may be easily and quickly separated, making the arm handy to carry in a trunk, valise or package. The barrel and parts are well and durably nickeled, except the breech block, which is case hardened in colors. We furnish these rifles with either nickel or blue barrels, and always send the nickel unless blue is ordered. Each Rifle is tested before leaving the works.

No. 1522..18 inch barrel..... Price, $4 75

QUACKENBUSH'S JUNIOR SAFETY RIFLE.

A PERFECT SHOOTING ALL STEEL RIFLE FOR LITTLE MONEY.

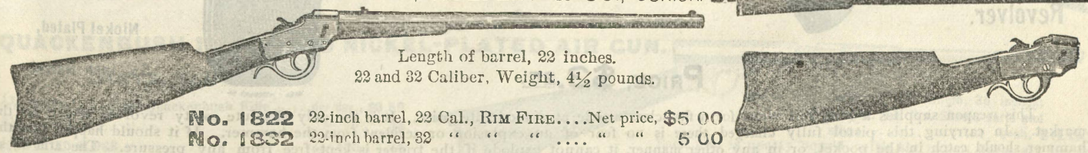


Whole length, 33 in.; Weight about 4 lbs.; Caliber, 22-100, for regular "BB" or Long and Short Cartridges.

The barrel, breech block, sights and operations of this rifle are about the same as the regular Safety Rifle, which has already won for itself a world wide reputation. This rifle has a steel, nickel-plated skeleton stock or shoulder rest, which can be instantly detached for carrying in a small space. The form of the shoulder rest and the manner in which it is attached to the frame, makes a firm stock, and one that comes to the shoulder as easy and well as any rifle made. We furnish these rifles with either nickel or blue barrels, and always send the nickel unless blue is ordered. Each Rifle is tested before leaving the works. **No. 1622**..... Net, $4 00

MERWIN, HULBERT & CO'S JUNIOR RIFLES.

MERWIN, HULBERT & CO., JUNIOR.



Length of barrel, 22 inches.
22 and 32 Caliber, Weight, 4½ pounds.

No. 1822	22-inch barrel, 22 Cal., RIM FIRE....	Net price,	$5 00
No. 1832	22-inch barrel, 32 " " " .... " "		5 00

This Gun is carefully rifled and has a Rebounding Lock It can be taken apart without a tool, and being reduced to the length of the barrel, it can be carried in a valise, trunk or canvas cover. The automatic shell ejector is a special feature of this Rifle, and for general usefulness in the woods, fields and orchard, as well as for target practice, it has no equal for the price.

Something New

Iver Johnson & Co.'s

Automatic, Safety Hammer, Double Action Revolver.

SAME SIZE AS SMITH & WESSON.

32 Calibre, S. & W. Cartridge, Nickel Plated, 3 or 3½ inch Barrel.

38 Calbre, S. & W. Cartridge, Nickel Plated, 3¼ inch Barrel.

PRICE, $3.25.

This weapon supplies a long-felt want for a first-class article at a moderate price. It is the only absolute safety revolver to-day on the market. In carrying this pistol fully charged there is no fear of an explosion or accident from the hammer. If it should happen that the hammer should catch in the pocket, or in any other manner, it cannot explode if the trigger is kept free from any pressure. The arm is so constructed that it cannot explode without considerable direct pressure on the trigger, the hammer being entirely independent from the trigger.

We cheerfully recommend this revolver to THE TRADE as a seller.

THORSEN & CASSADY COMPANY

WESTERN AGENTS. 141 & 143 WABASH AVENUE, CHICAGO.

AIR RIFLES AND BELONGINGS.

WE ARE SOLE CHICAGO AGENTS FOR The "KING" AND The "CHICAGO" AIR RIFLES

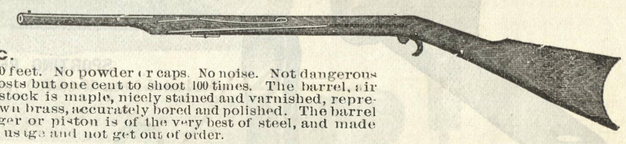
AIR RIFLES

For SPARROWS, RATS, MICE, etc.

THE "CHICAGO" THE "KING," THE MOST DESIRABLE AND BEST SELLING AIR RIFLES IN THE WORLD.

We carry the LARGEST and BEST ASSORTMENT of AIR RIFLES in the WEST.

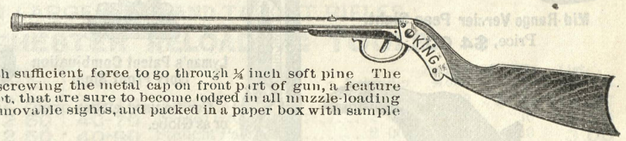
THE CHICAGO AIR RIFLE.



No. 501. Shoots regular Air Gun Darts and Bullets. Entire length over all, 33 inches..... .....each, 85c.

It will shoot a common BB shot 40 rods, and kill small game at 50 feet. No powder or caps. No noise. Not dangerous to handle. By its use a person can become a perfect shot. It costs but one cent to shoot 100 times. The barrel, air chamber, and all working parts are made of brass and steel. The stock is maple, nicely stained and varnished, representing rosewood. The air chamber and barrel are of mandrel drawn brass, accurately bored and polished. The barrel has a perfect device for holding the ball tight to place The plunger or piston is of the very best of steel, and made especially for this purpose. All parts are made to stand continued usage and not get out of order.

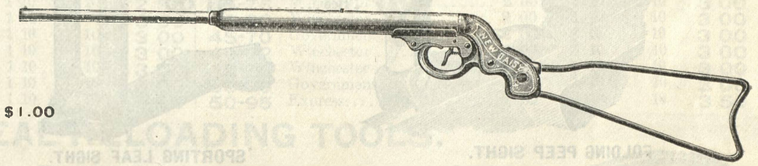
THE KING AIR RIFLE.



No. 503. All metal, Nickel-plated. Shoots BB shot. Length of barrel, 19 inches; length over all, 34 inches: weight, 2 lbs. Each, 90c.

The King Air Rifle shoots common BB shot accurately and with sufficient force to go through ¼ inch soft pine The barrel and all working parts can be easily removed by simply unscrewing the metal cap on front part of gun, a feature when seen that must be appreciated, as it makes the removal of shot, that are sure to become lodged in all muzzle-loading Air Guns, a very simple and easy matter. Each gun is sighted with movable sights, and packed in a paper box with sample package of shot and directions.

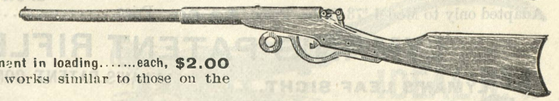
THE DAISY AIR RIFLE.



No. 502. Made entirely of Metal. Latest improved pattern. Length of barrel, 19 inches; total length, 33 inches; weight, 2½ pounds. Price..... .each, $1.00

THE DANDY REPEATING AIR RIFLE.

Shoots 45 times without reloading.



No. 505. Full length, 29 inches. Nickel-plated barrel, 16 inches long. One movement in loading.....each, $2.00

Nice light-colored hard-wood stock. Shoots BB shot. Cocking lever works similar to those on the Winchester Repeating Rifle.

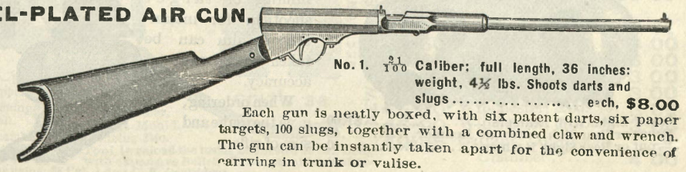
MATCHLESS REPEATING AIR RIFLE. Shoots 65 times without reloading.

No. 500. Length of Gun, 36 in. Weight, 3 lbs. 4 oz. Weight packed read, for shipment, 5 lbs. The Matchless for BB shot, $1.75

The accompanying cut gives a good idea of the shape of the "Matchless" Rifle.

The Stock is made of black walnut, nicely finished. The barrel is made of heavy brass tubing, nickel-plated with block nickel.

QUACKENBUSH IMPROVED NICKEL-PLATED AIR GUN.



No. 1. 21/100 Caliber; full length, 36 inches: weight, 4¼ lbs. Shoots darts and slugs..... ..... each, $8.00

Each gun is neatly boxed, with six patent darts, six paper targets, 100 slugs, together with a combined claw and wrench. The gun can be instantly taken apart for the convenience of carrying in trunk or valise.

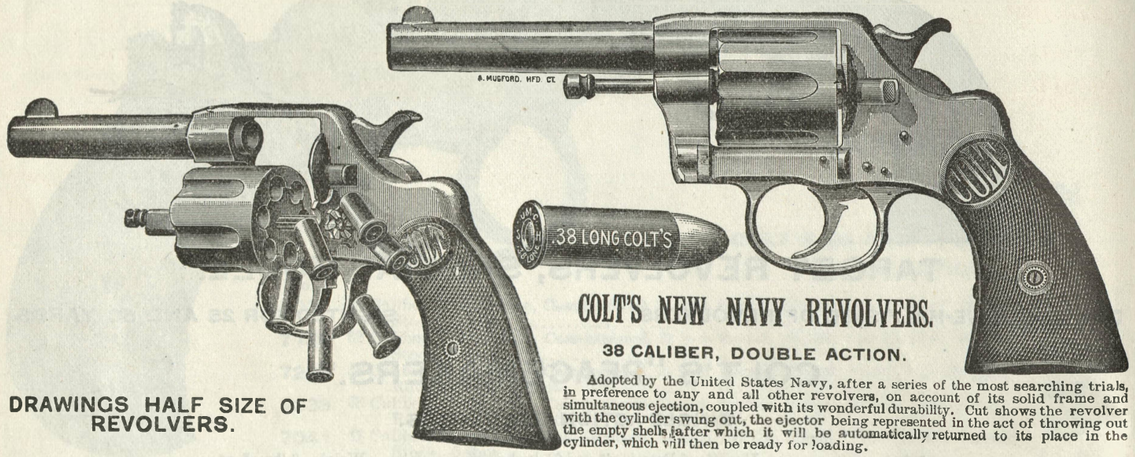
COLT'S NEW NAVY

ADOPTED BY THE UNITED STATES NAVY.



DRAWINGS HALF SIZE OF REVOLVERS.

COLT'S NEW NAVY REVOLVERS.

38 CALIBER, DOUBLE ACTION.

Adopted by the United States Navy, after a series of the most searching trials, in preference to any and all other revolvers, on account of its solid frame and simultaneous ejection, coupled with its wonderful durability. Cut shows the revolver with the cylinder swung out, the ejector being represented in the act of throwing out the empty shells after which it will be automatically returned to its place in the cylinder, which will then be ready for loading.

It is recommended that excessive charges of Nitro Powders be not used. The best results will be obtained with:

2¾ to 3 drams (measure) for 12 gauge.
3¼ to 3¾ drams " for 10 gauge.

POWDER.

WE CAN FURNISH ANY OF THE FOLLOWING POWDERS AT MANUFACTURERS PRICES: ORANGE, HAZARD, AMERICAN, ORIENTAL, OR DUPONT.

DUPONT SMOKELESS SPORTING POWDER.

PRICES:

12½ lbs (equal in bulk to 25	lbs. Black Powder)			$16 50
6¼ " " "	12½ "	"		8 45
3⅛ " " "	6¼ "	"		4 32
½ canisters "	1 "	"		75

The claims made for DuPont Smokeless are briefly as follows:

FIRST. It may be *loaded the same as black powder*, using the usual Dixon measure.

SECOND. It gives *best pattern* and best penetration of any nitro powder at this time before the public.

THIRD. It is *cleaner in the gun* than any nitro powder in use.

FOURTH. It is what its name would indicate—*smokeless.*

FIFTH. *Recoil*, while noticeable, is far *less* than that incident to the use of *any other powder.*

SIXTH. Its *shooting qualities* of the *best; hard, quick*, well suited to trap and wing shooting.

SEVENTH. *This powder is not affected by extremes of heat, cold or moisture, which is not the case with many other nitro powders.*

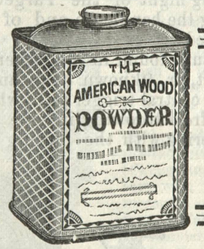
SHOT ALL SIZES. MARKET PRICE.

AMERICAN WOOD POWDER.

Nearly Smokeless.



Produces but Slight Recoil.

Non-Explosive, in Canisters and Cans

WE CARRY THE FOLLOWING GRADES IN STOCK:

TRAP.—A Special Grade of Extra Strength, for use in First Quality Arms only. 12 Bore Trap is very quick, for 12 Bore Guns or smaller. 10 Bore Trap is quick, for 10 Bore Guns or larger.

WESTMINSTER "C."—Medium, for general use.

WESTMINSTER "B."—Same as "C," but for 10 gauge. Too slow for smaller gauge Guns.

PIONEER "D."—Fine, for Small Bore Shot Guns and Rifles.

Wood Powder is lighter in weight than Black Powder, but Canisters contain same bulk as similar Canisters of Black Powder.

PRICE LIST.

Special Grades **TRAP**, Quarter Kegs	$3 70
Special Grades **TRAP**, Pound Cans	63
All Other Grades, Quarter Kegs	3 15
All Other Grades, Pound Cans	54

SCHULTZE POWDER.

This Powder must not be Rammed.

Charge for 12 Bore, 3 Drams. 10 Bore, 4 Drams.

SCHULTZE OR E. C. POWDERS.

The claims on this powder are: Greater Penetration, Closer Pattern, Less Recoil, Less Report, Less Smoke, and Less Fouling than any Powder made. It has no prejudicial effect whatever upon the barrel; is practically unaffected by damp, and cannot be dried to a dangerous condition.

1 Lb. of this Powder is equal to 2 Lbs. of Black Powder.

SCHULTZE POWDER and E. C. POWDER is lighter in weight than Black Powder but Canisters contain same bulk as similar Canisters of Black Powder.

PRICE LIST E. C. AND SCHULTZE POWDERS.

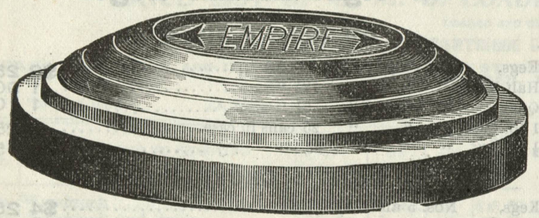
TARGETS AND TRAPS.

EMPIRE TARGETS AND TRAPS.



TRADE EMPIRE MARK.

YOU WILL FIND THIS ON THE BEST TARGETS.

THE EMPRE TARGET.

You Will Not Know What Improvements Have Been Made in Targets Until You Have Tried the "Improved Empire."

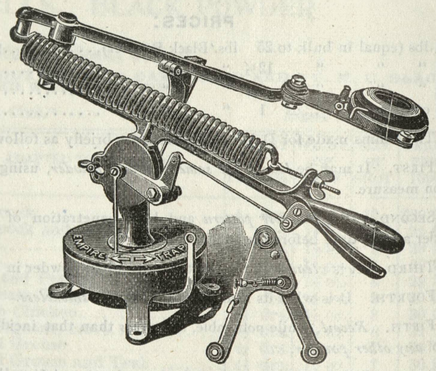
THE EMPIRE TARGET combines in the highest possible degree all the best qualities that go to make a perfect article. Made entirely by automatic machinery, from a composition used exclusively by us, we produce a Target that is perfection in shape, size and finish, and for flying, trapping and breaking qualities cannot be surpassed.

Empire Targets can be thrown successfully from any of the principal traps without change of carriers.

EMPIRE TARGETS are safely and securely packed in barrels containing 500 Targets, as shown in cut.

The breakage in handling is comparatively nothing.

Price, Barrel,.....$3 00 Per 1000..... $5 50



THE EMPIRE TRAP

PRICE, $5.75.

Adapted Especially for Expert Shooting.

THIS TRAP is the latest, best and most complete device for throwing Targets. One of its principal features of excellence is the arrangement for easily and instantly changing flight of the Target to any direction by simply gripping the handle on end of frame of Trap and moving as desired.

Another feature found in no other Trap that can be used for expert, or "known trap and unknown angle" shooting, is the central trigger pull, which allows the Trap to be changed from throwing in one direction to another without interfering with the pulling arrangement at the score.

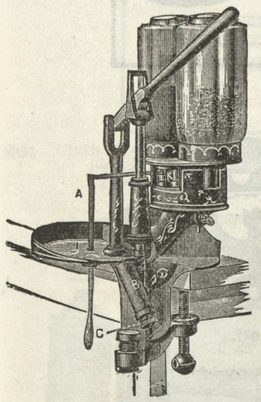
DUNSCOMBE SHOT CASE.

FOR RETAILERS' USE SELLING SHOT - - - - - - - NET, $3 50

Belcher's Automatic Machine Cartridge Loader.



It consists, as will be seen, of a strong iron frame, which can be clamped at pleasure to any projecting shelf or table, and to which is pivoted the cartridge holder (B), the cartridge resting, when in position, on the recessed head of the set-screws (C) which may be adjusted to any length of cartridge. The piston is worked by the lever (E) being brought back into position by the action of a powerful spring after each operation. Its effect on the wad is exceptionally powerful and correct, giving any desired pressure and perfectly fitting and level wads. The jars (F) contain powder and shot, as marked thereon, and communicate with the automatic gate and lever (K), which accurately measures out the proper charges, and discharges them into the duct, which opens just above the trumpet-shaped mouth of the case holder (B); or the oscillating lever may be moved by hand or by the knee, at the pleasure of the operator. A supply of wads is kept upon the shelf (I) for immediate use.

The ease, rapidity, exactness and security obtained by the use of this loader will be at once appreciated by all who have experimented with the cheaper loading apparatus, or understand the importance of having perfectly loaded shells to secure the best results in pattern and penetration

	Price
Loader complete, for either 10 or 12 gauge	$1 1 00

THE NITRO-RAMMER.

Our NEW NITRO POWDER LOADER has met with such a success that we advise sportsmen who load their own shells with these powders to send for one without delay.

It gives a uniform and steady pressure in loading high grade shells with Nitro-Powders, and is the only rammer from which the most satisfactory results can be obtained.

The wads are all seated properly, and is so constructed that a pressure equal to nineteen pounds is required for every shell loaded.

List per dozen, $7.20. Each, 60c.

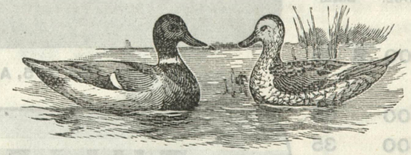
FOLDING CANVAS DECOY DUCKS AND GEESE.

WE ARE SOLE CHICAGO AGENTS.

THEY ARE THE BEST IMITATION OF THE NATURAL BIRD MADE



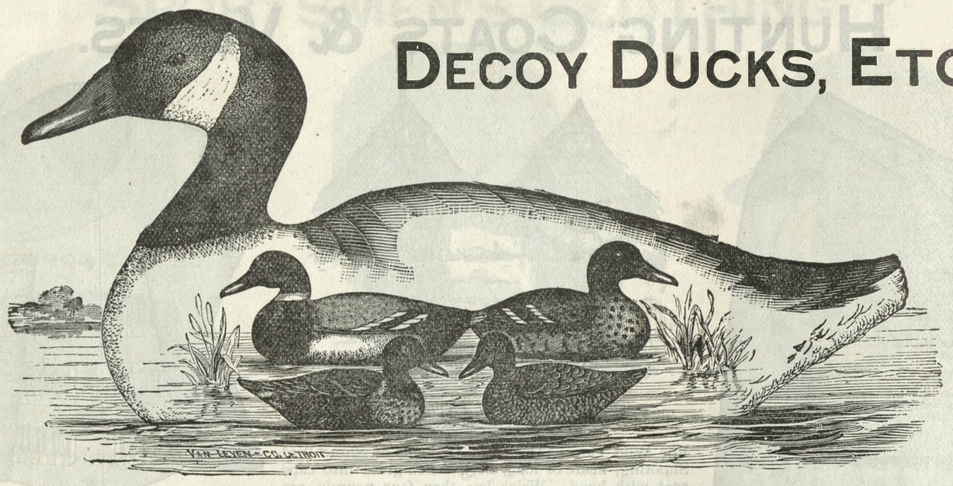
PORTABLE, PRACTICAL AND PERFECT.

ONE DOZEN DUCKS IN A NEAT WOODEN BOX, 2 3-4x9 INCHES.

These Ducks and Geese are made of the best Sea Island Canvas. They are beautifully painted in natural colors, with three coats of waterproof dressing and one coat of waterproof paint. Heat or cold will not affect them in any way. They can not be frozen, as ice will not stick to them in any way. They are the IDEAL DECOY of the practical sportsman, and once used are never replaced by any other decoys. We have the following varieties: Mallards, Red Heads, Canvas Back, Blue Bill, Pin Tail and Teal Ducks, and White or Gray Geese.

Folding Canvas Ducks,	List, per dozen	10 00	Net per Dozen	$ 6	00
Folding Canvas Geese,	List, per dozen	18 00	Net per Dozen	12	00
Folding Canvas Swans,	List, per dozen	30 00	Net per dozen	20	00

DECOY DUCKS, ETC.



DODGE'S DECOY DUCKS.

In the following varieties: Mallard, Red-Head, Canvas Back, Blue Bill and Blue Teal.

Made of the Best White Cedar, nicely painted and well finished. Packed one dozen in a crate, assorted as follows:

Qualities A and 1, two-thirds male, one-third female.

Qualities 2 and 3, one-half male, one-half female.

No.		Net Price per Doz.
A	Decoy Ducks, hollow, finest quality	$6 50
1	Decoy Ducks, best solid, with glass eyes	3 75
2	Decoy Ducks, medium solid, with tack eyes	2 90
3	Decoy Ducks, common	2 50

DANZ'S FOLDING DECOY GEESE.

Style 1 is the Profile Goose—without wings.

Style 2 is the same as the above, with the addition of wings. Both these styles have the latest improved leg and necks. The former is pivoted to and always goes with the body. The latter represents a flock of geese, with heads in various positions, adding much to the effectiveness of the decoy.

Style 3, heretofore known as the Combined Goose, is designed for use on both land and water. With its profile, keel and leg, all hinged to a float, it combines the excellences of Style 2 Goose with those of the Single Duck.

No.		Net Price per Doz.
1	Danz's Profile Decoy Geese, without wings	$ 6 00
2	Danz's Profile Decoy Geese, with wings	10 00
3	Danz's Profile Decoy Geese, with wings, Combined	12 00

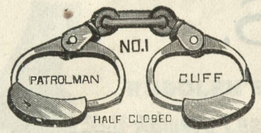
POLICE GOODS.

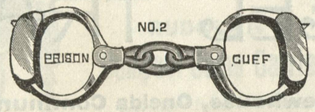


BEAN'S DETECTIVE OR PATROLMAN'S HAND CUFFS.

WEIGHT, 14 OZ.

These Cuffs are like the No. 1 and 2, the only difference being in weight, and are specially designed for officers whose duty compels them to carry cuffs on their person at all times.

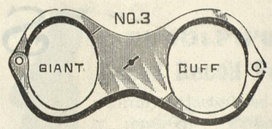
No.		Per Pair.
1	Bean's Detective Hand Cuffs, Polished	$4 00
1N	Bean's Detective Hand Cuffs, Nickel Plated	4 75



BEAN'S PRISON HAND CUFFS

With Patent Stop Catch in the Lock, operated by button on the outside of case. The Stop Catch prevents them being locked by the prisoner in a struggle with the officer when making an arrest.

No.		Per Pair.
2	Bean's Prison Hand Cuffs, Polished	$4 00
2N	Bean's Prison Hand Cuffs, Nickel Plated	4 75



BEAN'S GIANT HAND CUFFS.

WEIGHT, 10½ OZ.

These Hand Cuffs are known as Sheriff's or Detective's Cuffs. They cannot be picked or unlocked by the prisoner, even should he have the key. There is but one keyhole, and both cuffs are unlocked at the same time. Light, strong and convenient, take up but little space, and are just the thing for sheriffs and other officers who are obliged to take prisoners a long distance.

No.		Per Pair.
3	Bean's Giant Hand Cuffs, Nickel Plated	$6 00

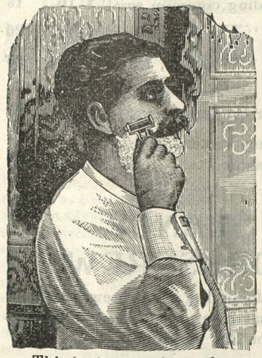
THE STAR SAFETY RAZOR.



This is the way it works.

The Medal of Superiority awarded at American Institute, 1884, 1885, 1886. Silver Medal awarded at Mechanics' Institute, San Francisco, Cal., 1886.

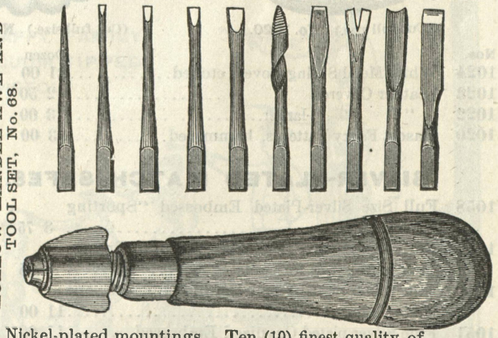
Economy and Comfort Secured by Using this Razor.

A great invention, which renders shaving an easy and convenient luxury, and obviates all danger of cutting the face. Warranted to shave clean. Time and money saved. Once used, you will never be without it. These razors are manufactured of the finest silver steel, and each one speaks for itself. They are fully concave, ground and tempered by a new process patented in England, Germany and the United States, which process makes each blade a magnet in itself.

Showing section of handle, with blade in place ready for sharpening.

Price, complete, with handle for stropping, packed in round enameled case, postpaid.....$1 50
Extra blades for the Star Safety Razor $1.00 each, postpaid.

SPORTSMAN'S COMPANION.



Nickel-plated mountings. Ten (10) finest quality of steel tools. All neatly encased in the handle. Length, 6 inches. Price, postpaid, each.....$0 75

BALL-BEARING RACER.

Patented.

PRICE, $10 00.

The above cut represents our new Ball-Bearing Racing Skate, which has achieved such an enviable reputation. For SPEED no Skate in the market can approach it. It was used by Mr. J. A. Snowden in the great Six Days' Race at Madison Square Garden, New York, when he made the wonderful record of 1,166 miles, against fifteen contestants. The wheels are made of a material which will outwear any other known substance, and contain 128 Steel Balls. The bearings are of the finest tempered steel. It is nickel-plated, and finished in the finest manner.

VACUUM TIPPED ARROW PISTOLS.

The Vacuum Tipped

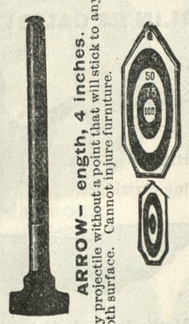
ARROW PISTOL.

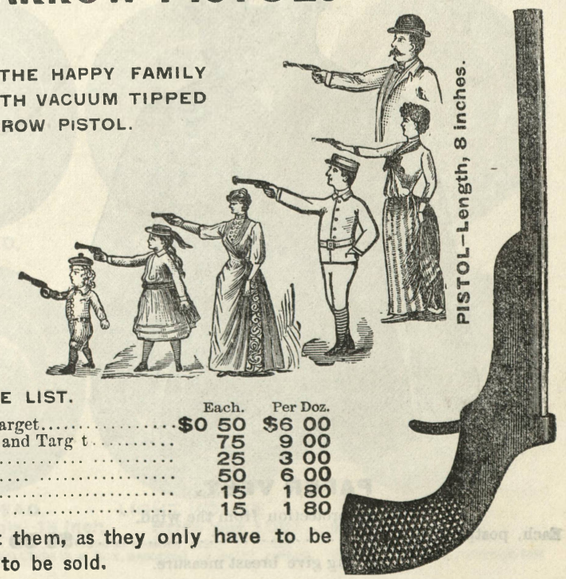
Perfectly Harmless.

Accurate.

Sure.

The above vacuum tipped ARROW PISTOL is perfectly harmless, yet it is as accurate as a revolver, and although we do not advertise it for children to shoot at each other's eyes, yet we can safely say that should such an accident happen, it would not harm the most delicate child. As a parlor amusement (for young and old) it has no equal, and for outdoor sport it is far superior to any toy gun or pistol ever placed on the market. The accompanying cut is an exact picture of the Pistol taken from a photograph. The design is entirely new. We make the Pistol in two grades, one being made of bronze with polished barrel, the other having a nickel barrel and nickel handle. For the convenience of dealers who are jobbing our goods, we pack the Pistols with Arrows and Targets in boxes of one dozen each.





PRICE LIST.

	Each.	Per Doz.
PISTOL (Bronze) with Arrow and Target	$0 50	$6 00
PISTOL (nickel plated) with Arrow and Target	75	9 00
Extra Pistol (bronze)	25	3 00
Extra Pistol (nickel)	50	6 00
Extra Arrows or Targets	15	1 80
Extra Springs (for pistol)	15	1 80

No Store should be without them, as they only have to be shown to be sold.

SKATING OR BICYCLE LAMPS.

A thoroughly well-made, handsomely finished Lamp. The top or chimney is shown in the cut, drawn out ready for use, but slides in nearly flush with the cylinder, making a very compact and convenient Lamp to carry in the pocket. It has both folding handles and hook on the back, and loop and ring at the top for carrying or hanging.

Very convenient and popular. It is also an excellent skating lamp. Burns sperm oil.

Duranoid Chips are made in the following Colors:—WHITE, RED, BLUE and YELLOW. Special colors made to order.
Duranoid Chips are put up in a neat, strong wood box, slide cover, in sets of 100 Chips in a box, assorted or solid colors. Unless otherwise ordered, are always sent assorted—50 white, 25 red, 25 blue, in a box.

Owing to the great assortment of designs and colors in fancy poker chips it is difficult to always have a complete line on hand, and unless you have a decided preference for any special design we would request that you permit us to substitute the nearest we have

THE UNITED STATES PLAYING CARDS

MANUFACTURED BY

THE RUSSELL & MORGAN PRINTING CO.

The various brands manufactured by this company comprise an assortment of over 200 different designs, and vary in price from 40 cents to $9.00 per dozen, enabling dealers to meet all the needs of players in PRICE as well as in GRADE, DESIGN and COLOR. These goods are put up more attractively than any manufactured, and they are recognized as BEST.

Wholesale Descriptive Price List of United States Playing Cards.

These are the Sportsman's Cards with **gold edges,** put up in cloth telescope card cases. Twelve beautiful sportsman's backs assorted in each dozen. Wrappers indicate the color of the backs.

707 CABINET, new series; full packs .. 2.50 30.00
A revelation in playing cards. This grade is made of fine linen stock, with highly finished enamel, and contains all new and artistic landscape sketch backs without margins—Water Lily, Forest, Old Mill—printed with high-art colors of six different tones, making a complete and handsome assortment in each dozen. They are put up in landscape sketch wrappers indicating the design of the backs contained, and are inclosed in fine imported leatherette boxes. The "Cabinet" are the most elegant line ever produced at a medium price.

No. — Per doz. — Per Gross.

707x. EXTRA CABINET, full packs $3 25 $39.00
These are the **new** "Cabinet," No. 707, with **gold edges.** They are put up in attractive style, and include a complete assortment in each dozen, making most desirable cards at a popular price for parlor games and for players desiring artistic goods.

303. ARMY AND NAVY, all linen 4.00 48.00
Designed principally for Club use. Finest Poker and Whist cards. Double enamel, highest finish. Eighteen popular backs—Angel, London Club, etc.—red, blue, green and brown. The regular assortment in each dozen consists of twelve packs, half red and half blue, in a carton. The green and brown are packed solid, twelve packs of one color in a carton Each pack wrapped in a beautiful wrapper printed in five colors and inclosed in a handsome cloth (imported) telescope card case.

303. ARMY AND NAVY, without cases, 3 75 45.00
Wrapped and in cartons, but without the cloth telescope card cases.

303. ARMY AND NAVY "SECONDS," 2.00 24.00
Angel or assorted backs, such as come from the regular edition of "firsts."

505. EXTRA ARMY AND NAVY 5 50 66.00
These are the Army and Navy Cards with **gold edges,** in blue cloth telescope card cases stamped in gold. Wrappers printed in five colors and gold and varnished. Twelve assorted popular backs in each carton.

89. TREASURY { For Clubs and exacting players desiring perfect cards, } 6.00 72.00
This grade is gauged to standard thickness throughout, with cutting and margins accurate and true, and contains the finest selected linen stock. The high degree of finish, slip, pliability and elasticity, secured by the use finest materials only in connection with remarkable perfection of manufactnre, is not found anywhere in other Club grades Examinations, comparisons and tests are earnestly solicited. Special Backs—Eagle, Butterfly, Blackberry, etc —are printed in red, blue, green and brown, and will be put up to suit buyers in three different ways, either with the full assortment in each dozen, or reds and blues assorted, or one design or one color packed solid as desired; but unless otherwise specified the full assortment will always be sent. Every pack is put up in a green TREASURY wrapper and in an attractive enameled cloth (imported tuck case, indicating the design and color of backs contained.

404. CONGRESS, gold backs 5.50 66.00
Finest linen, extra double enamel. A dozen beautiful and fancy sketch backs, printed in GOLD, or rich blue, red, black and green background. Each pack in a rich colored wrapper printed in gold and in a green silk card case stamped in silver. Handsome cards for holiday and fine trade.

606. EXTRA CONGRESS 7.00 84.00
These are the Congress Cards, **Gold Backs** and **Gold Edges,** in different colored wrappers printed in gold, corresponding with color of backs. Put up in green silk card cases stamped in gold. These cards have never been equalled, and are the finest, handsomest cards made anywhere at any price.

366. SQUARED FARO 9.00 108.00
Pit any dealing box. Margin enough to trim many times. Special faro backs in blue, green and brown. Every pack in a sealed wrapper, Three sizes in thickness—Eights, Nines and Tens. Perfect dealing. cards. In ordering, please specify thickness wanted.

1. AMERICAN SKAT, German Faces 4.00 48.00
Best quality, not enameled, 36 cards in a pack. German-American and fancy backs in red and blue. Wrappers and enameled boxes printed in colors corresponding with color of backs contained. Twelve packs assorted in a carton. These cards are longer and narrower than the regular size, have the improved German faces and are designed especially for "SKAT," now the leading German game. They are desirable also for all games where not more than 36 cards are used. The only German cards having the **Popular Modern American Indexes** on faces.

1. AMERICAN SKAT Gold Edges 5 00 60.00
These are No. 1 with gold edges, and in ordering this grade please specify "No. 1, with gold edges."

2. AMERICAN SKAT, German Faces 6.00 72.00
For "SKAT" and other German games. 36 cards in a pack. Best quality of stock, double enameled. Same size as grade No. 1, with appropriate designs and colors assorted in each dozen. This grade is entirely new, and players will find it far superior to the imported German cards and unequaled for German games.

2. AMERICAN SKAT, Gold Edges 7.00 84.00
These are No. 2 with gold edges, and in ordering this grade please specify "No. 2, with gold edges."

3. AMERICAN SKAT, American Faces 2.50 30.00
Highest grade of unenameled cards. Full packs—53 cards. German-American and fancy backs. Full assortment in each dozen. Wrapped and in enameled boxes. Twelve packs in a carton. This grade is made same size as grades Nos. 1 and 2 They are altogether unlike any playing cards ever made before, and on account of their peculiar shape and size players will find them particularly suited for Skat, Poker, Whist, Penuchle, Sixty-six, Bezigue, Solitaire, etc.

4. AMERICAN SKAT, American Faces 4.00 48.00
Full packs—53 cards. Double enameled. Twelve Whist backs—red, blue, green and brown; full assortment in each dozen. These cards are highly finished, and being longer and narrower than the regular playing cards are best suited for Whist and all games where more than five cards are dealt to the hand.

4. AMERICAN SKAT, Gold Edges 5.00 60.00
These are No. 4 with gold edges, and in ordering this grade please specify "No. 4, with gold edges."

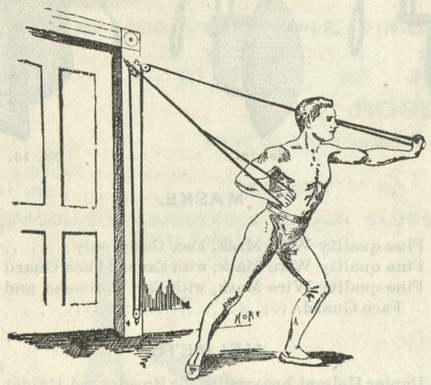
Price, each, $2.50.

THE WHITELY EXERCISER.



THE WHITELY EXERCISER

Is at once complete, compact and noiseless; requiring no floor room, no changing of weights, for it adjusts itself to any degree of resistance; no buckling of straps or other paraphernalia; can be put up in two minutes without the use of a single tool, and if desired can be removed from the hooks and put out of sight in a moment and readjusted for use just as quickly. It imparts an easy, gliding motion, necessary to successful development, and is sold at about one-third the price of any apparatus which will exercise all parts of the body, and not the upper limbs only, as is the case with so many older machines. The exerciser packed for shipment weighs but two pounds.

It is equally adapted to ladies, gentlemen and children, and is the only COMPLETE Exerciser adapted to the use of travelers.

Price, each..... 5 00

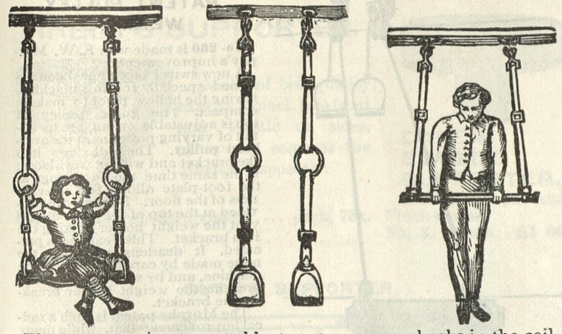
BACON'S HOME GYMNASIUM.



The apparatus is supported by two strong screw hooks in the ceiling, about eighteen inches apart and screwed five inches into the joist. It can also be used out of doors by erecting a framework, such as is used for swings. The straps are of the strongest linen, handsomely colored. The rings are of the patent bent wood, about six inches in diameter. By an ingenious device the rings and stirrups can be instantly raised or lowered to any desired height, or the stirrup straps removed, or the rings removed for the insertion of the trapeze bar. The apparatus can be put up in any room and removed in a moment, leaving only the two small eyes in the ceiling visible. It can be used in different rooms at pleasure, by having extra set of hooks for the ceiling. A space six or eight feet wide is ample for any of the exercises.

To clergymen, literary men, and all persons of sedentary occupation it is particularly adapted. The exercises are especially invigorating to the digestive and respiratory organs.

In using the trapeze bars the rings are removed, and the bar placed in the upper strap.

The swing consists merely of a seat, which can be easily constructed to fit into the stirrups.

The best and cheapest in the world for the price. Highly recommended by the Medical Faculty.

Price, complete ready to put up, only..... $5 00

SWING RINGS AND TRAPEZE FOR HOME USE.

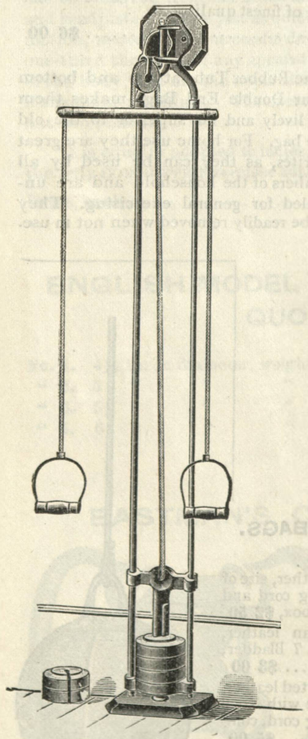
No. 13 Champion Chest Weight, double set short rods, swivel blocks, swivel floor pulleys, with 8 lbs. of weight for each handle. Chip.) See cut.

Price.....**$10 00**



NO. 0, CHEST WEICHT.

We have recently placed on the market a desirable cheap CHEST WEIGHT, which is, however, first-class in every respect and fully equal in construction, material and finish to the best made by other manufacturers, which are sold at much higher prices.

The Nos. 0 and 00 are especially adapted to the home or school, where a cheap, durable, practical machine is required; they are thoroughly reliable, not a toy in any respect, but a device honestly constructed and capable of affording valuable exercise, and being provided with Swivel Pulleys and adjustable weights is adapted to the requirements of any one who realizes and appreciates the value of systematic and regular exercise.

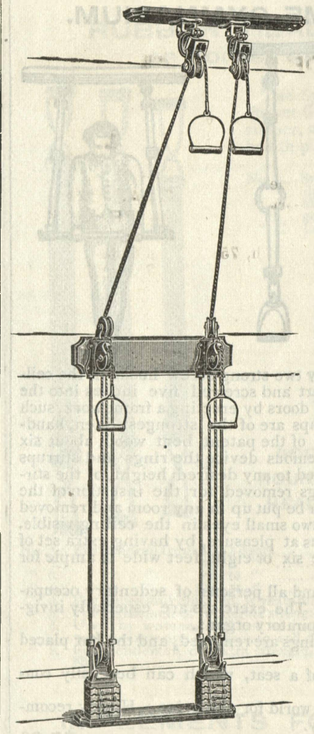
SPECIFICATIONS ON NO. 0 CHEST WEIGHT, SINGLE.

Single set steel rods, swiveld top pulley with nickeled cap, rubber bunters, felt lined weight stands, hemacite sheaves, braided cord, turned cross-stick and enameled handles, mounted on varnished top and bottom boards, complete with five 2 lb. removable weights; finished in bicycle enamel. Weiget, packed for shipment, complete, with Manual and Charts, 30 lbs.

Price.....**$4 00**

No. 00, is the same as No. 0, but has double set steel rods. Has ten 2lb. removable weights. Weight, packed for shipment, 60 pounds.

Price.....**$7 00**



STANDARD MURPHY PATENT PULLEY WEIGHTS.

No. 260 is made with E. W. Murphy's improvement.

A new swivel block has been designed specially for this machine, having the hollow pivot to make it compact. The guide pulley on top is adjustable on an arc to admit of varying positions of the overhead pulley. The rods screw into the bracket and will not work loose; at the same time the fastenings at the foot-plate allows for unevenness of the floor. Bufters are provided at the top of the rods to prevent the weight holder striking the iron bracket. This feature is patented. It deadens much of the noise made by careless use of the machine, and by softening the blow prevents the weight holder breaking the bracket.

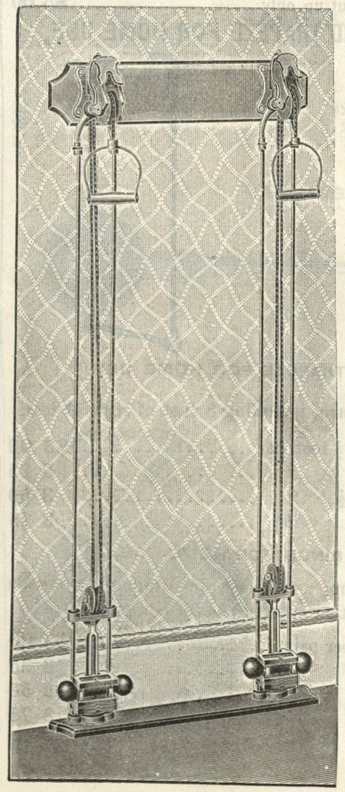
The Murphy patent is such a radcal improvement that, while many will see at a glance some of its advantages, all will discover more of its important features by studying it carefully. It is not a combination machine; it is two (any two) machines in one, with no adjustments to be mac e or to get out of order. One machine is not the slightest detriment to the other, and the fact that they are in convenient position to drop one set of handles and pick up the other is a decided advantage.

All Murphy Patent Pulley Weights have the new Patent Under-litt Weight Holder, so that the operator can change the weight without letting go the handles.

NO. 260. MURPHY INTERCOSTAL CHEST WEIGHT.

Double set short rods, under-lift weight holder and all parts as specified for Standard Pulley Weights.

Price, complete.....**$20 00**



STANDARD CHEST WEIGHTS.

NO. 10 STANDARD.

The most popular machine. Thousands are in use in the gymnasia, and many more in homes. It has the patented compound rope which allows twice the usual length of movement, and patented swivel blocks that permit movements in every direction. It is noiseless and self-oiling.

No. 10. Standard Chest Weight. Double set short rods, compound rope, swivel blocks, etc., with 18 lbs. of weight for each handle.

Price.....**$13 00**

Packed for shipment in one box, weighing 80 lbs

The boards on which the machine is mounted are 26 in. long, the upper one is 6 in. wide, and its center is 5 ft. from the floor.

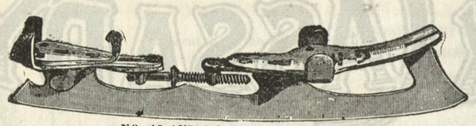
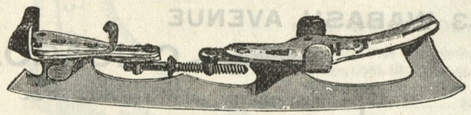
UNION HARDWARE COMPANY'S LOCK LEVER SKATES.



NO. 16 AND 16½. 8 TO 12 INCHES.

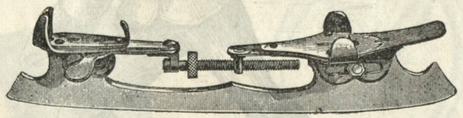
NO.		PRICE PER PAIR.
16	High Grade Cast Steel Runners, Finely Polished. Toe and Heel Plates and all Clamps are of the best quality of cold rolled Homogeneous Steel. The mechanism has been proved to be perfect, and the skate is an easy working, Sure Grit, Lock Lever	$0 35
16½	Same as No. 16, but Finely NICKEL PLATED	0 65



NO. 17 TO 18½. 8 TO 12 INCHES.

17	High grade of Runners, Highly Polished and HARDENED, Toe and Heel Plates are Blued and Lacquered, and of the best quality of Swedish Steel. The Toe and Heel Clamps are made of the best quality of cold rolled, open hearth Steel	0 85
17	WELDED. Same as No. 17 with the exception of the runners, which are made of the best Iron and Steel Stock, WELDED	0 90
17½	Similar to No. 17 Skate, with highly polished and Hardened Runners, the top being NICKEL-PLATED and polished	1 15
18	Same general construction as No. 17, but material is of higher grade and NICKEL-PLATED, the Runner being WELDED of the best iron and steel stock, hardened, tempered and highly polished	1 75
18½	Iron and Steel WELDED RUNNER, being the same as No. 18, excepting that the skate is nickeled and highly polished on all surfaces	2 25

THE UNION EXTENSION SKATES.



NO. 116, 117½ AND 118½.

Made only in two sizes.
8½ to 10 in.
9½ to 11½ "

THE NO. 116 UNION EXTENSION SKATES.

This Skate is made of good material throughout; the runners being a good quality of cast steel; the plates and clamps cold rolled, open hearth Homogeneous steel. The Skate when put up is as handsome as any single length Skate in the market.

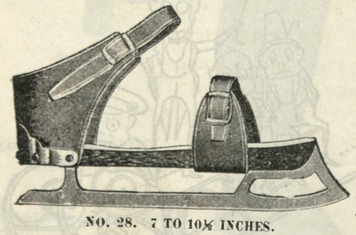
This skate is made in but two sizes. The smaller size is adjustable from 8½ in. to 10in. The larger size from 9½ in. to 11½ in. By this description it will be seen that the two Skates cover the whole line, where ordinarily eight Skates must be used to make an assortment. The same Skate can also be used on different sized shoes, and sometimes desirable as a family Skate 0 65

THE NO. 117½ SKATE

is the same as No. 116, except that it is fully nickeled, with hardened runners 1 50

THE NO. 118½ SKATE

is the same as the other two numbers, but a very high grade Skate, both as to material and finish. The runnersis steel and iron, welded, hardened and tempered. All parts are full NICKEL-PLATED and highly polished on all surfaces. It makes one of the most elegant skates on the market 2 75



NO. 28. 7 TO 10½ INCHES.

Finely polished Beech Wood converted frame, runners highly polished with finely ground cutting edge. Trimmed with the best quality Oak-tanned Russet-grained Leather, Nickel-Plated Heel Bands and Patent Buckles. Makes a nicely finished serviceable Skate. Price per pair, ... 0 65

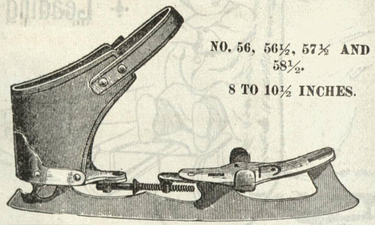
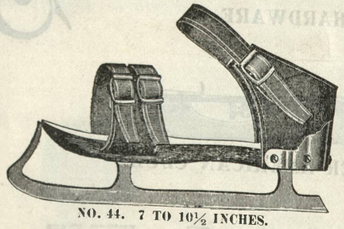
NO. 52. 8 TO 10½ INCHES.

NO.		PRICE PER PAIR.
52	The runners are made of the best Crucible Steel, and are highly polished, with finely ground cutting edge. The Foot Plate is of the best grade Swedish Steel. This Skate is fitted with Straps at the front as well as back. The Straps are made from the best Oak-tanned Russet-grained Leather	0 65



NO. 56, 56½, 57½ AND 58½.
8 TO 10½ INCHES.

56	The Runner in this Skate is made of the best Crucible Steel, and is highly polished, with finely ground cutting edge. The Foot-plate is of the best grade Swedish Steel. The Clamps and Braces are the best quality Homogeneous Steel. The mechanism of the Skate is easy working, and a sure grip, lock lever. The Heel Strap is the best Oak-tanned Russet-grained Leather, with Patent Buckles and Nickel-Plated Heel Bands	
56½	Same as No. 56, but Finely Nickle-Plated	0 80
57½	Same general description as No. 56, but FINER MATERIAL, HARDENED RUNNER and FINELY NICKELED	1 25
58½	This Skate is of the same pattern and design as No. 56, the difference being that it has a thoroughly WELDED STEEL and IRON RUNNER, perfectly tempered and highly polished and NICKELED. The Tops are all Nickel-Plated and polished, and the Heel Straps have Nickel-Plated Patent Buckle	1 75
		2 25



NO. 44. 7 TO 10½ INCHES.

NO. 44 Finely polished Beech Wood, Runners highly polished with finely ground cutting edge, and trimmed with best quality Oak-tanned, Russet-grained leather; have Nickel-Plated Heel Bands and Patent Buckles; Toe Straps are mortised through the wood, making a superior strapping device. Making a handsome, superior and durable Wood Top Skate. Price per pair,..... 1 25

NO. 156, 157½ AND 158½.

Ladies Extension Skates.

Fits all Ladies and Misses.

One size adjustable. 8½ to 10 inches.

No. 156. Is made of good material, the runner being a good quality of cast steel; the plates and clamps cold rolled, open hearth Homogeneous steel. This skate is made in but one size and is adjustable from 8 to 10½ inches. It will thus be seen that but one size skate need be carried to cover the whole line. Price, per pair 1 00

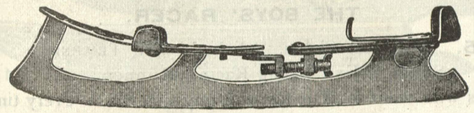
No. 157½ Is the same as No. 156, except it is fully Nickeled, hardened and polished. Price, per pair. 2 25

No. 158½. Is the same as the above numbers, but is superior in grade. Runner is Welded Steel and iron hardened and tempered; all surfaces are highly polished and Nickel-Plated. Price per pair 3 00

PECK & SNYDER'S AMERICAN CLUB.

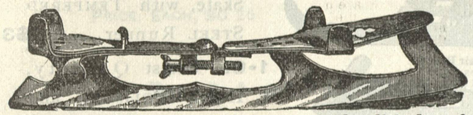
With Self-Locking Lever and Adjustable Heel and Toe Clamps.

ITS SPECIAL ADVANTAGES.—Ready adjustment of the Clamps to any shoe by simply turning the Thumb Screw; Simplicity of the Lever Movement and sure grip of the Toe and Heel Clamps.

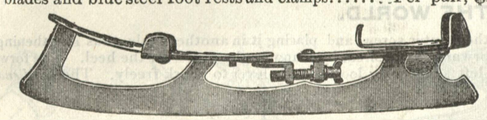


No. 0. American Club is of the best cast steel, with blue steel foot rests and clamps ..... per pair, **$1 00**

No. 00. American Club is of the best cast steel, with steel foot rests and clamps, nicely electro-nickel plated throughout. Per pair **$1 50**



No. 1. American Club, with welded temper and polished steel blades and blue steel foot rests and clamps ..... Per pair, **$2 50**

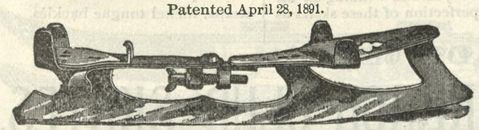


No. 2. American Club, with welded temper and polished steel blades. Foot rests and clamps are "tembled" bright instead of being blued, and entire skate is electro-nickel-plated, making it very handsome, and acts as a preventative against rust ..... Per pair, **$3 00**

No. 4. American Club is the finest finished skate made. Each part, before being put together, is highly polished and nickel-plated. Per pair **$5 00**

PECK & SNYDER'S IMPROVED AMERICAN CLUB CUSHION BEARING.

Patented April 28, 1891.



Aiming always to lead, we now have the satisfaction of offering to the public an important improvement on this skate by the original inventor, and the first ever made by any one. In this progressive age every increase of ease and comfort in locomotion of any kind is in demand. All ice skaters are aware of the chatter and jar experienced, particularly when skating over uneven surfaces, and occasioned by the rigid construction and attachment of the skate, and which contribute so much to the rapid tiring of the skater. Without interfering in any way with the acknowledged advantages of the American Club Skate, the invention adds a cushion support between the runner and foot rest by which the rigidity of the skate is relieved and the movements of the wearer much facilitated.

No. A. Best Welded Steel Runners, Blued Foot Rest, Per pair **$3 50**

No. B. Best Welded Steel Runners, Full Nickel-plated, Per pair **4 00**

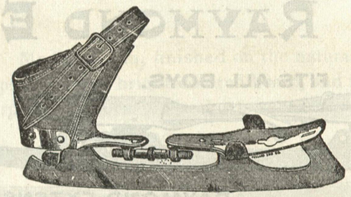
PECK & SNYDER'S RAPID RACER AMERICAN CLUB.

The increased demand for a light-weight speed skate has warranted us in producing what we believe to be the best Racing Skate in the market. We make the Racer in best quality only.

Size of Foot Rest, 8½, 9, 9½, 10, 10½, 11, 11½ inches.
Length of Runner, 14, 14, 14½, 15, 15½, 16, 16½ "
Diameter of Runner, 3-16 inch.

No. D. Best Welded Steel Runners, Blued Foot Rest, Per pair, **$4 00**
No. E. Best Welded Steel Runners, Full Nickel-plated, " **5 00**
Sample pairs by express on receipt of price.

PECK & SNYDER'S LADIES' AMERICAN CLUB LEVER.



The Ladies' American Club Lever Skates are entirely new, and undoubtedly the finest skate for ladies ever made. Only the best material is used, and they are made in a careful and workmanlike manner. They differ from the full club only in the strap fastening for the heel—which is a very desirable feature for ladies requiring a support for the ankle. The toe-clamp fastening is operated by a lever and adjusted with a thumb screw. No key required. Sizes, 8 to 10½ inches. Made from the best rolled cast steel, with black or russett straps, nickel-plated heel bands.

No. 20. Ladies' American Club ..... Per pair, **$1 50**

No. 21. Ladies' American Club. Same as our No. 20, but nickel-plated and buffed ..... Per pair, **$2 00**

No. 22 Ladies' American Club. The runners are made from the best welded iron and steel, hardened, with beveled edges, and all parts nickel-plated and thoroughly buffed. Per pair, **$2 50**

No. 24. Ladies' American Club. Same design as No. 22. Edges of heel and toe-plate chamfered and all parts very highly polished. Hardened welded iron and steel runners, glazed, polished and nickel plated ..... Per pair, **$3 50**

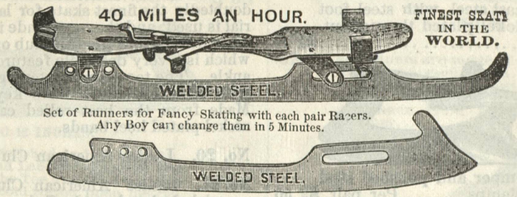
DOUBLE RUNNER SPEED SKATE.

LONG RUNNER FOR SPEED.
SHORT RUNNER FOR FANCY SKATING.
TWO QUALITIES.
EITHER FITS ALL MEN AND BOYS.

40 MILES AN HOUR.

FINEST SKATE IN THE WORLD.



Set of Runners for Fancy Skating with each pair Racers. Any Boy can change them in 5 Minutes.

Per pair

1-B. Polished, all Steel Skate, with TEMPERED STEEL Runner.....$3 50

1-C. Finest Quality, Highly POLISHED and NICKELED, Welded Steel 5 00

THIS SKATE BEATS THE WORLD.

Any of the above Skates may be made to fit any size foot by loosening the center screw, and placing it in another hole, thus lengthening or shortening the foot plate as desired. The Runner may also be set backward or forward, as desired, by changing the screw in the heel. The forward screw which passes through the runner should *not* be screwed up too tightly, but left sufficiently loose for the lever to work freely. The *head end* of screw should be a little loose, but the *nut end* screwed tightly.

Union Hardware Co.'s Racing Skate, * * *

* * * CALLED THE DONOGHUE RACING SKATE.

TRADE MARK.

MADE IN THREE LENGTHS, 14, 16, 18 INCHES.

This skate was designed by Mr. Donoghue, and has been used for the past five years in winning all his great races and making his wonderful records, and his success is as much due to the perfection of these skates as to his own skill. Price, $3 75 per pair.

THE DONOGHUE RACING SKATE.

This Skate is made under the personal supervision of Mr. Joseph F. Donoghue, World's Champion, and is made of the highest grade of material, and by first-class mechanics. Mahogany tops, hardened steel runners, nickel plated, russet harness leather straps, nickel tongue buckles.

A Few SPECIAL DRIVES in

WHELPLEY'S PATENT LONG REACH CLUB SKATES.

SLEIGH BODIES.

We have this season made a great improvement in our sleigh-bodies, making them more roomy and deeper. All have push handles and are nicely ornamented. These with our round back Baby Cutters make a fine assortment.

NO. 1-X. Size, 14 x 28. Is nicely upholstered and has lazy-back, and plated side and dash rail.

PRICE, EACH $2 50

NO. 1. Same as No. 1-X, but without cut lazy-back and rails.

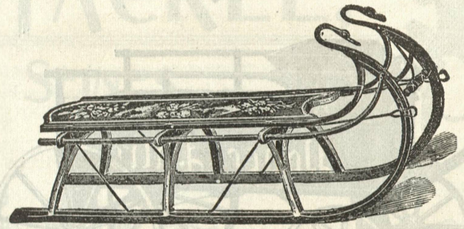
PRICE, EACH $1 50

NO. 2. Same as No. 1, with only seat upholstered.

PRICE, EACH $1 25

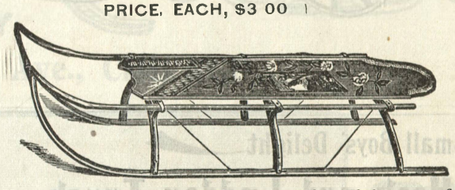
CUTTER.

NO. 4. There being a demand for a cheaper Baby Cutter than we have heretofore manufactured, we this year present to the trade our No. 4, as represented on this page. It is large and roomy, nicely finished and upholstered; in fact much the best for the money on the market. PRICE, EACH $4 50.



NO. 9. Represented by cut; large size; beautifully painted and ornamented with "The Brownies" and other fine decorations; oval shoes; draw heads, braces and swan heads brightly plated. Size, 16 x 39 inches.

PRICE, EACH, $3 00



We pride ourselves on the strength and beauty of these Sleds; they are light and strong and very handsomely ornamented with "The Brownies" and other decorations; are made from the best selected second-growth oak or ash and nicely finished on the wood; are strongly braced; have tinned, oval shoes; all braces tinned. We have greatly improved these Sleds this season. The round braces on all our Sleds are riveted through the runner and shoe.

NO. 10. Size, 10 x 28 inches. PRICE, EACH, $1 25

NO. 11. Size, 11 x 31 inches. PRICE, EACH, $1 35

NO. 12. Size, 12 x 34 inches. PRICE, EACH, $1 50

CUTTERS.

There has been much call of late for a large, more roomy, and finer Baby Cutter than has been on the market. To supply this demand, we this season present to the trade a much finer article than has ever been offered to the public. It will be highly finished in antique oak or paint to suit customers. For general style and appearance we invite your attention to cut.

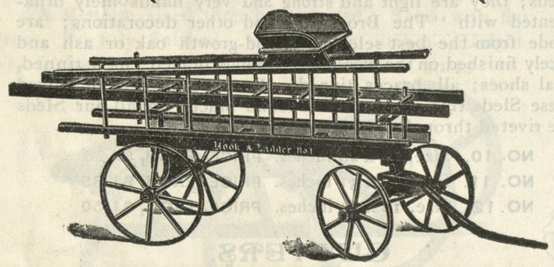
Weight, each 45 lbs. **PRICE, EACH $6.00.**

The Small Boys' Delight

Hook and Ladder Truck.



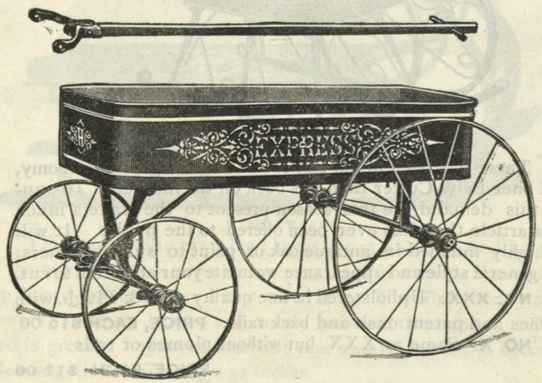
Fun! Fun for the Boys! Fun!

Hook and Ladder Truck.

This Hook and Ladder Truck is built for outdoor use. The general shape and proportions are made to imitate a Hook and Ladder Truck, such as are in general use in large cities. The general construction is simple yet very novel. The ladders can be taken off, coupled together easily and quickly. It cannot break down, as every precaution has been taken to insure perfect safety to boys.

The length of Truck, 5 feet; wheels, 10 and 12 inches; silver bell vibrating on steel spring; seat on solid risers; side ladders, 4 feet; middle ladder, 5 feet; side ladders coupled together, 7½ feet. Heavy iron axles and braces. Hardwood throughout, strongly constructed and firmly bolted together. The running gear is bright red, the ladders navy blue. This splendid contrast of colors, with the artistic striping and varnishing, makes it a handsome and very fascinating toy. This truck sells on sight. **PRICE, EACH $1.75.**

The Best Steel Wagon.



Steel Wagons.

This box is constructed of the best quality of sheet steel, bent over a steel rod, and is nailed firmly to the bottom board. The bodies are handsomely painted with our Special Vermilion, striped with blue and nicely lettered. We use our patent gear, which is made of malleable iron, and our Patent Steel Wheels.

EXPERT AMATEUR AND GOGEBIC REELS.

These are the most Popular Reels made.

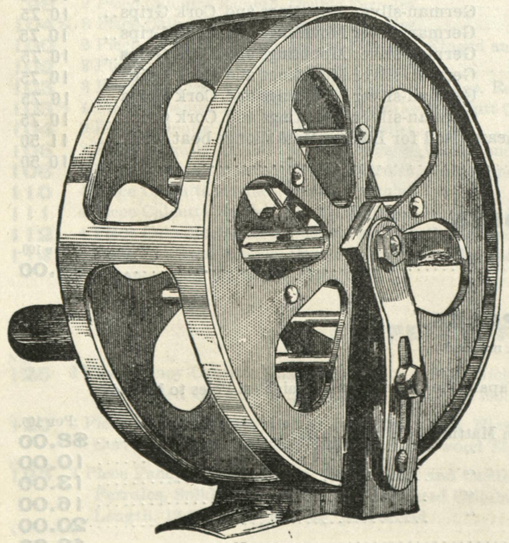
They possess the following

STRIKING ADVANTAGES:

PERFORTED SPOOL.—This allows the line to dry quickly.

STRENGTH, LIGHTNESS AND FREE RUNNING.

All are finely finished and nickel plated. Nos. 1600 and 1700 have an entirely new device for use in casting or playing a fish, permitting the angler to apply a drag, from the most delicate friction to a complete stop, simply by the pressure of the thumb.



No. 11700.

No.					Net.
11090	3 in. diam.	1 in. wide;	Side, with Drag, 90 yards...		$0 65

82M.	" " " 8 " "	4 50
163	"The Columbus," a genuine Alligator Leather, holds 6 dozen Flies	6 00

The reputation of the BRAY FLY BOOK as the neatest and most practical Fly Book made, is well established everywhere. The **quickness** and **despatch** with which Flies of any size are placed within these books, without coiling of the Snell or mutilation of the Fly, make its superiority over all other methods very easily recognized by all anglers. The Flies can be as readily detached when wanted. The leaves to which the Flies are attached will in the future be made of a new material of more durability and finish than before. The workmanship and material will be kept up to highest standard, and no effort will be spared to keep the BRAY FLY BOOK (as it now is) the best in the world.

The "Handy" Fishing Rod Holders.

RUDOLPH'S FISHING SPECIALTIES.

RUDOLPH'S CELEBRATED FLOATING MINNOW BUCKETS.

BUCKET COMPLETE.

(Patented July 15, 1884.)

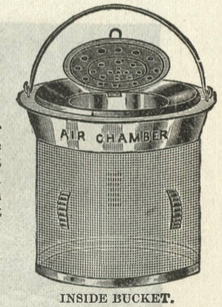
THE ORIGINAL AND ONLY.

New Pattern.

NOISELESS. The handiest, lightest and most complete Minnow Bucket ever put on the market. Will not sink. Free circulation of air and water. Attracts the fish to it, *thereby making good fishing around the bucket.* No loss of bucket or bait should you drop it overboard. When you arrive at the lake, drop the inside bucket in the water, where it will remain on the surface; the waterproof wire making it so open that it affords full flow of fresh water all the time, bringing to your minnows the insect food upon which they exist, as well as attracting other fish to it.

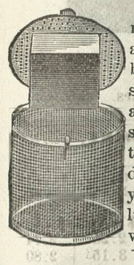
	6	8	10	12	Quart.
Per Doz.	$17 60	20 80	23 15	25 24	
Each	1 25	1 50	1 75	2 00	

Inside Buckets are made of strong Galvanized Wire Cloth.



INSIDE BUCKET.

RUDOLPH'S PATENT FLOATING FISH DECOYS.



The Decoy is just the thing claimed to be. It is made of strong, waterproofed Galvanized Wire, with a float attached to Lid to prevent its sinking. Put a number of fresh minnows in the Decoy, then put it in a stream or lake of fresh water, keep quiet for a while, and if there is any fish within 50 feet of it on either side of the Decoy, they will see the minnows through the clear water and gather around it, when you want to drop your hook with a bait on it in their midst, and you are sure of a bite immediately. This is an absolute certainty. You must, of course, proceed quietly; we don't say it will attract fish where there are none.

You will find it very convenient to put out several Decoys, at least two, so that while you are fishing around one it is quiet at the other. These Decoys can be sunk to any depth by placing weight inside of Decoy.

Price, each.....$1 00

Rudolph's Steel Nickeled Fish Hook Extractor and Fish Stringer.

RUDOLPH'S HOOK EXTRACTOR. Per doz., $2 30

To extract a hook out of the Fish's mouth or belly, you simply pass the line through the slot in the tube, then run the Extractor down the line until it will go no further; let the hook drop into the notch, then pry it out the way it went in; if the hook is held tight by a piece of flesh or muscle, a couple of turns of the Extractor will cut it loose. Lift hook and line gently out to avoid hooks catching again. You will find them very handy.

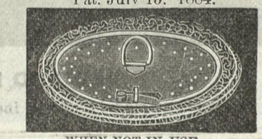
RUDOLPH'S POPULAR WEATHER PROOF OIL.

For rendering boots and shoes waterproof, excellent, prepared especially for that purpose.

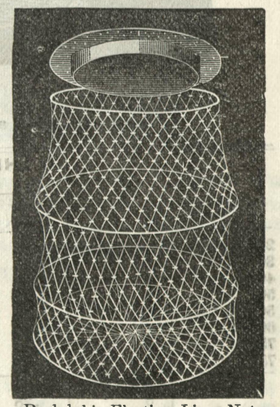
	1 oz. bot.	2 oz. bot.	pts.	qts.
Per Doz...	$1 50	2 50	8 00	12 00

RUDOLPH'S FLOATING LIVE NET.

Pat. July 15, 1884.



WHEN NOT IN USE.

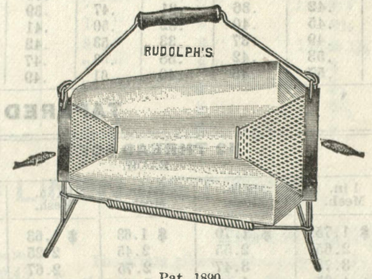


It is designed to furnish the angler with an instrument for keeping his fish alive, fresh and within reach; impossible for them to escape, and if left over night in the water they are as fresh in the morning as when caught. When shut it is very portable, and about as thick as your hand.

	10 in.	12 in.	14 in.
Price, each,	$1 50	1 65	1 80

Rudolph's Floating Live Net.

RUDOLPH'S MINNOW TRAP.



Pat. 1890.

This is a revolution in Minnow catching, far superior to, and one-fourth the cost of a Minnow Seine. No wading, dragging, rotting or tearing, as is necessary in using the seine. Place a small quantity of the Bait or bread crumbs in the trap, and set it in the water. The minnows can be removed instantly. If set in the water half or two-thirds its depth, the minnows will live in it for days. Each trap is packed in a light wooden box, with hinged lid, and fastening. The entire is so light as to be readily carried with one hand. List, each, $2 50

RUDOLPH'S MINNOW AND TROUT BAIT, put up in half-pound Boxes for Baiting Traps and Fishing waters.... ..... in 8 oz. boxes, Per Doz., 3 75

Rudolph's Popular Wood Polish.

Works a wonderful effect in brightening up and renewing the appearance of your fishing rod as well as forming a waterproof coating. ..... Per Doz., $2 50

Rudolph's Popular Soft Metal Polish.

For brightening up brass, German silver and plated ware, without scratching the highly polished surface ..... Per Doz., $2 50

RUDOLPH'S POPULAR MOSQUITO PASTE

Positively keeps off Flies, Gnats, Mosquitoes, and heals the bite, stops the itching, prevents sunburn, heals and prevents the smarting.

Per Doz.....$2 50

SEINES FOR LAKES AND RIVERS.

ROPE, BARKED, BUOYED AND LEADED---BEST COTTON TWINE.

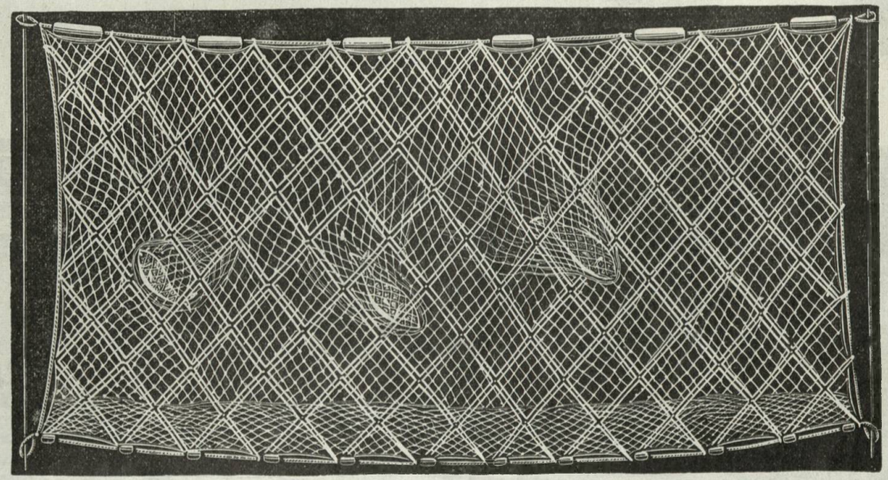
Any other length, depth, size twine or size mesh, or Seines with wings, in proportion. These Seines all are of the best Cotton Twine, tanned or white as desired, Cork line ¼ inch Manilla hemp tarred, and bottom lines of ¼ inch Manilla hemp tarred, doubled, with reversed twist to prevent rolling. Special prices named for extra large Seines. Tarred Seines and Seines with heavy bottom lines, ½ inch to 1¼ inch rope, cost 5 cents to 20 cents per yard additional to above figures. All TARRED WORK is at the OWNER'S RISK. We allow nothing to leave our hands that is not in perfect condition, but cannot assume any further responsibility for this class of work. We use Pine Tar only.

PERFECTION TRAMMEL NETS.



Our Trammel Nets are hung on a single Top and a single Bottom Line, made of very best cotton obtainable, well stretched before Net is hung on them. They have three Nets; two on the Outside or Walling have large mesh; the Inside Net is made in small mesh, and is about one-half deeper than the Outside Net; when fish strike it they draw it through large mesh of Outside Net, thus forming a bag from either side, from which they are unable to escape. Great care is taken in hanging these Nets to lines, so they will catch every fish that strikes them.

NETS MADE BY UNSKILLED HANDS WILL NEVER DO THIS.

COTTON AND LINEN NETTING.

COTTON SEINE NETTING.

	Per lb.
12 thread, Soft twine, 1 inch mesh and larger	$0.45
16 and 20 thread, Soft twine, 1 inch mesh and larger	.42
12 thread, Medium twine, 1 inch mesh or larger	.45
15 and 18 thread, Medium twine, 1 inch mesh and larger	.42
For netting made of hard laid seine twine, add to above list per lb.	.10
Outside Cotton Netting for Trammel Nets, mesh from 6 to 8 in. square	.50

LINEN NETTING.

The prices given here are for 2 inch square mesh and larger.

No of twine.	18	20	25	30	35	40	45	50	60
Price per lb. 3 cord	1.44	1.56	1.80	1.98	2.22	2.45	2.70	3.00	4.56
Price per lb. 2 cord	....	....	2.10	2.28	2.45	2.82	3.24	3.65	4.86

For Smaller Mesh Netting, add to above prices as follows:

¾ to 1 inch mesh add per lb.	$0.50
1 to 1¼ " " " "	.30
1¼ to 1½ " " " "	.18
1½ to 1¾ " " " "	.12
1¾ to 2 " " " "	.06

NETTINGS MADE OF HARD-LAID TWINES ARE TEN CENTS MORE PER POUND THAN THE ABOVE.

The above list gives **Prices per pound** of all sizes of Cotton Seine and Pound Nettings, made of one-half patent and soft-laid twines. **The One-half Patent Netting** is the kind in **general use**, the twine being "laid up" in a way to produce the best **general results**, under most circumstances, and the great bulk of our stock is made of that twine.

These prices are per running yard, stretched measure.

It takes 15 yards stretched measure to make a 10 yard Seine complete.

THE COMMON SENSE MINNOW SEINE.

These Seines are made of Light Woven Netting, about ⅛ inch square mesh. They are not quite as strong as the regular knit seine, but are much cheaper and answers the purpose. Just the thing for a gentleman's fishing outfit; pack very closely and take but little room.
